1. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following: subsequent changes and/or new claims have been entered in the application after the original oath/declaration was executed.

2. Claims 1-25 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 21 and 22 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by UK patent application 2,021,371. See Figures 1, 3 and 5, and page 2, line 121 through page 3, line 9. The reference discloses a support 10 having a widen support structure placed in an enclosure 64 with vertical sides. Gravel 66 may be used to fasten the support within the enclosure and a flower is fastened to the support structure.

5. Claim 23 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Claims 1-20, 24 and 25 are allowed.
